

We PREPARE Teams for High Consequence Encounters

Best Practice Medicine is a clinician owned company of professional educators who believe that all clinicians should have access to quality affordable medical education, delivered in a format optimized for the needs of healthcare providers, regardless of their location. Our vision is a world where clinicians are thoroughly prepared for emergencies. To the patients they care for: It shouldn't matter **where** you live, it should matter **that** you live.

Core Competencies

- Physician, RN, PA/NP, and Paramedic Education Programs
- IBSC Accredited FP-C/CCP-C Renewal Course Provider
- High Fidelity Medical Simulation Experts – SSH Accreditation In Progress
- Paramedic Recertification-Renewal Training
